O R D E R:

The Registrar of Co-operative Societies in his letter first cited has submitted proposals for the formation of a District Cottage Industries Committee in each District for the promotion and development of Cottage Industries on a planned basis . The Director of Industries & Commerce is of the opinion that such ad hoc committees can only render advice and cannot be expected to plan and execute schemes or administer funds and that consequently no useful purpose will be served by constituting the committees. The Government agree with the Director of Industries and Commerce and accordingly direct that the proposals be dropped.
